Skills

- **Languages**: C++, C, Python, HTML and CSS
- **Frameworks**: TensorFlow, Scikit-learn
- **Tools/Platforms**: MySQL, MongoDB, Visual Studio Code, JupyterLab
- **Soft Skills**: Problem-Solving, Adaptability, Consistency, Intuitive, Time Management

Projects

Browser History Manager: GitHub — March 2025

- Developed a C++ browser history manager using a stack-based data structure to efficiently track and navigate visited web pages.
- Implemented core functionalities like page visit**,** back navigation, and current page retrieval through intuitive user interaction.
- Designed the system with memory efficiency and error handling to manage limited history capacity gracefully.
- Engineered object-oriented solutions and leveraged advanced data structures to deliver a scalable application that enhanced efficiency and maintainability.
- **Tech**: C++ (Object-Oriented Programming, Stack Data Structure, Console-based Application).

Energy-Efficient CPU Scheduling Algorithm: GitHub — January 2025

- Generated an energy-efficient CPU scheduling algorithm in C language to optimize CPU utilization and reduce power consumption.
- Applied dynamic scheduling techniques to balance performance and energy efficiency across multiple processes.
- Integrated logic for context switching, waiting time, and turnaround time optimization for realistic simulation of CPU behavior.
- Optimized scheduling algorithms in C, reducing CPU idle time by 20% and improving throughput.
- **Tech*:*** C Language, Operating System Concepts, Algorithm Design, CPU Scheduling Simulation.

Certificates

- Build Generative AI Apps and Solutions with No-Code Tools | Udemy | Certificate — August 2025
- Computational Theory: Language Principle & Finite Automata Theory | Infosys | Certificate — August 2025
- The Bits and Bytes of Computer Networking | Coursera | Certificate — September 2024

Achievements

- **Awarded with Two Badges in Stack Overflow** — June 2025
  Earned Two Bronze Badges in Stack Overflow Platform for exceptional Coding skill.
- **Solved 100+ Coding Problems on CodeTantra** — July 2024
  Solved 100+ Coding Problems on CodeTantra in Python language.

Education

- **Lovely Professional University** — Punjab, India
  Bachelor of Technology - Computer Science and Engineering; ***CGPA: 6.23*** — *August 2023 - Present*
- **Sant Singh Sukha Singh Khalsa Sen. Sec. School** — Amritsar, Punjab
  Intermediate; ***Percentage: 84*** — *April 2018 - March 2020*
- **Modern Jagat Jyoti Sen. Sec. School** — Amritsar, Punjab
  Matriculation; ***Percentage: 94*** — *April 2016 - March 2018*
